Results-based management in action

- What difference are the programmes making?
- For whom?
- How?

Results-based management in action

- What difference are the programmes making?
- For whom?
- How?

Why results-based management approach?

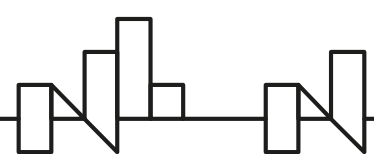

- ✓ Good programme management
- ✓ Promotes organisational learning
- ✓ Increases transparency and accountability

Useful material on RBM

Results Guideline: <https://eeagrants.org/resources/2014-2021-results-guideline>

Terminology

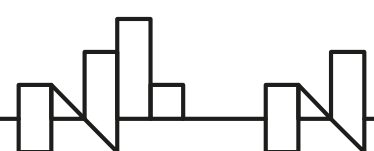

We use «**results**» as an umbrella term:

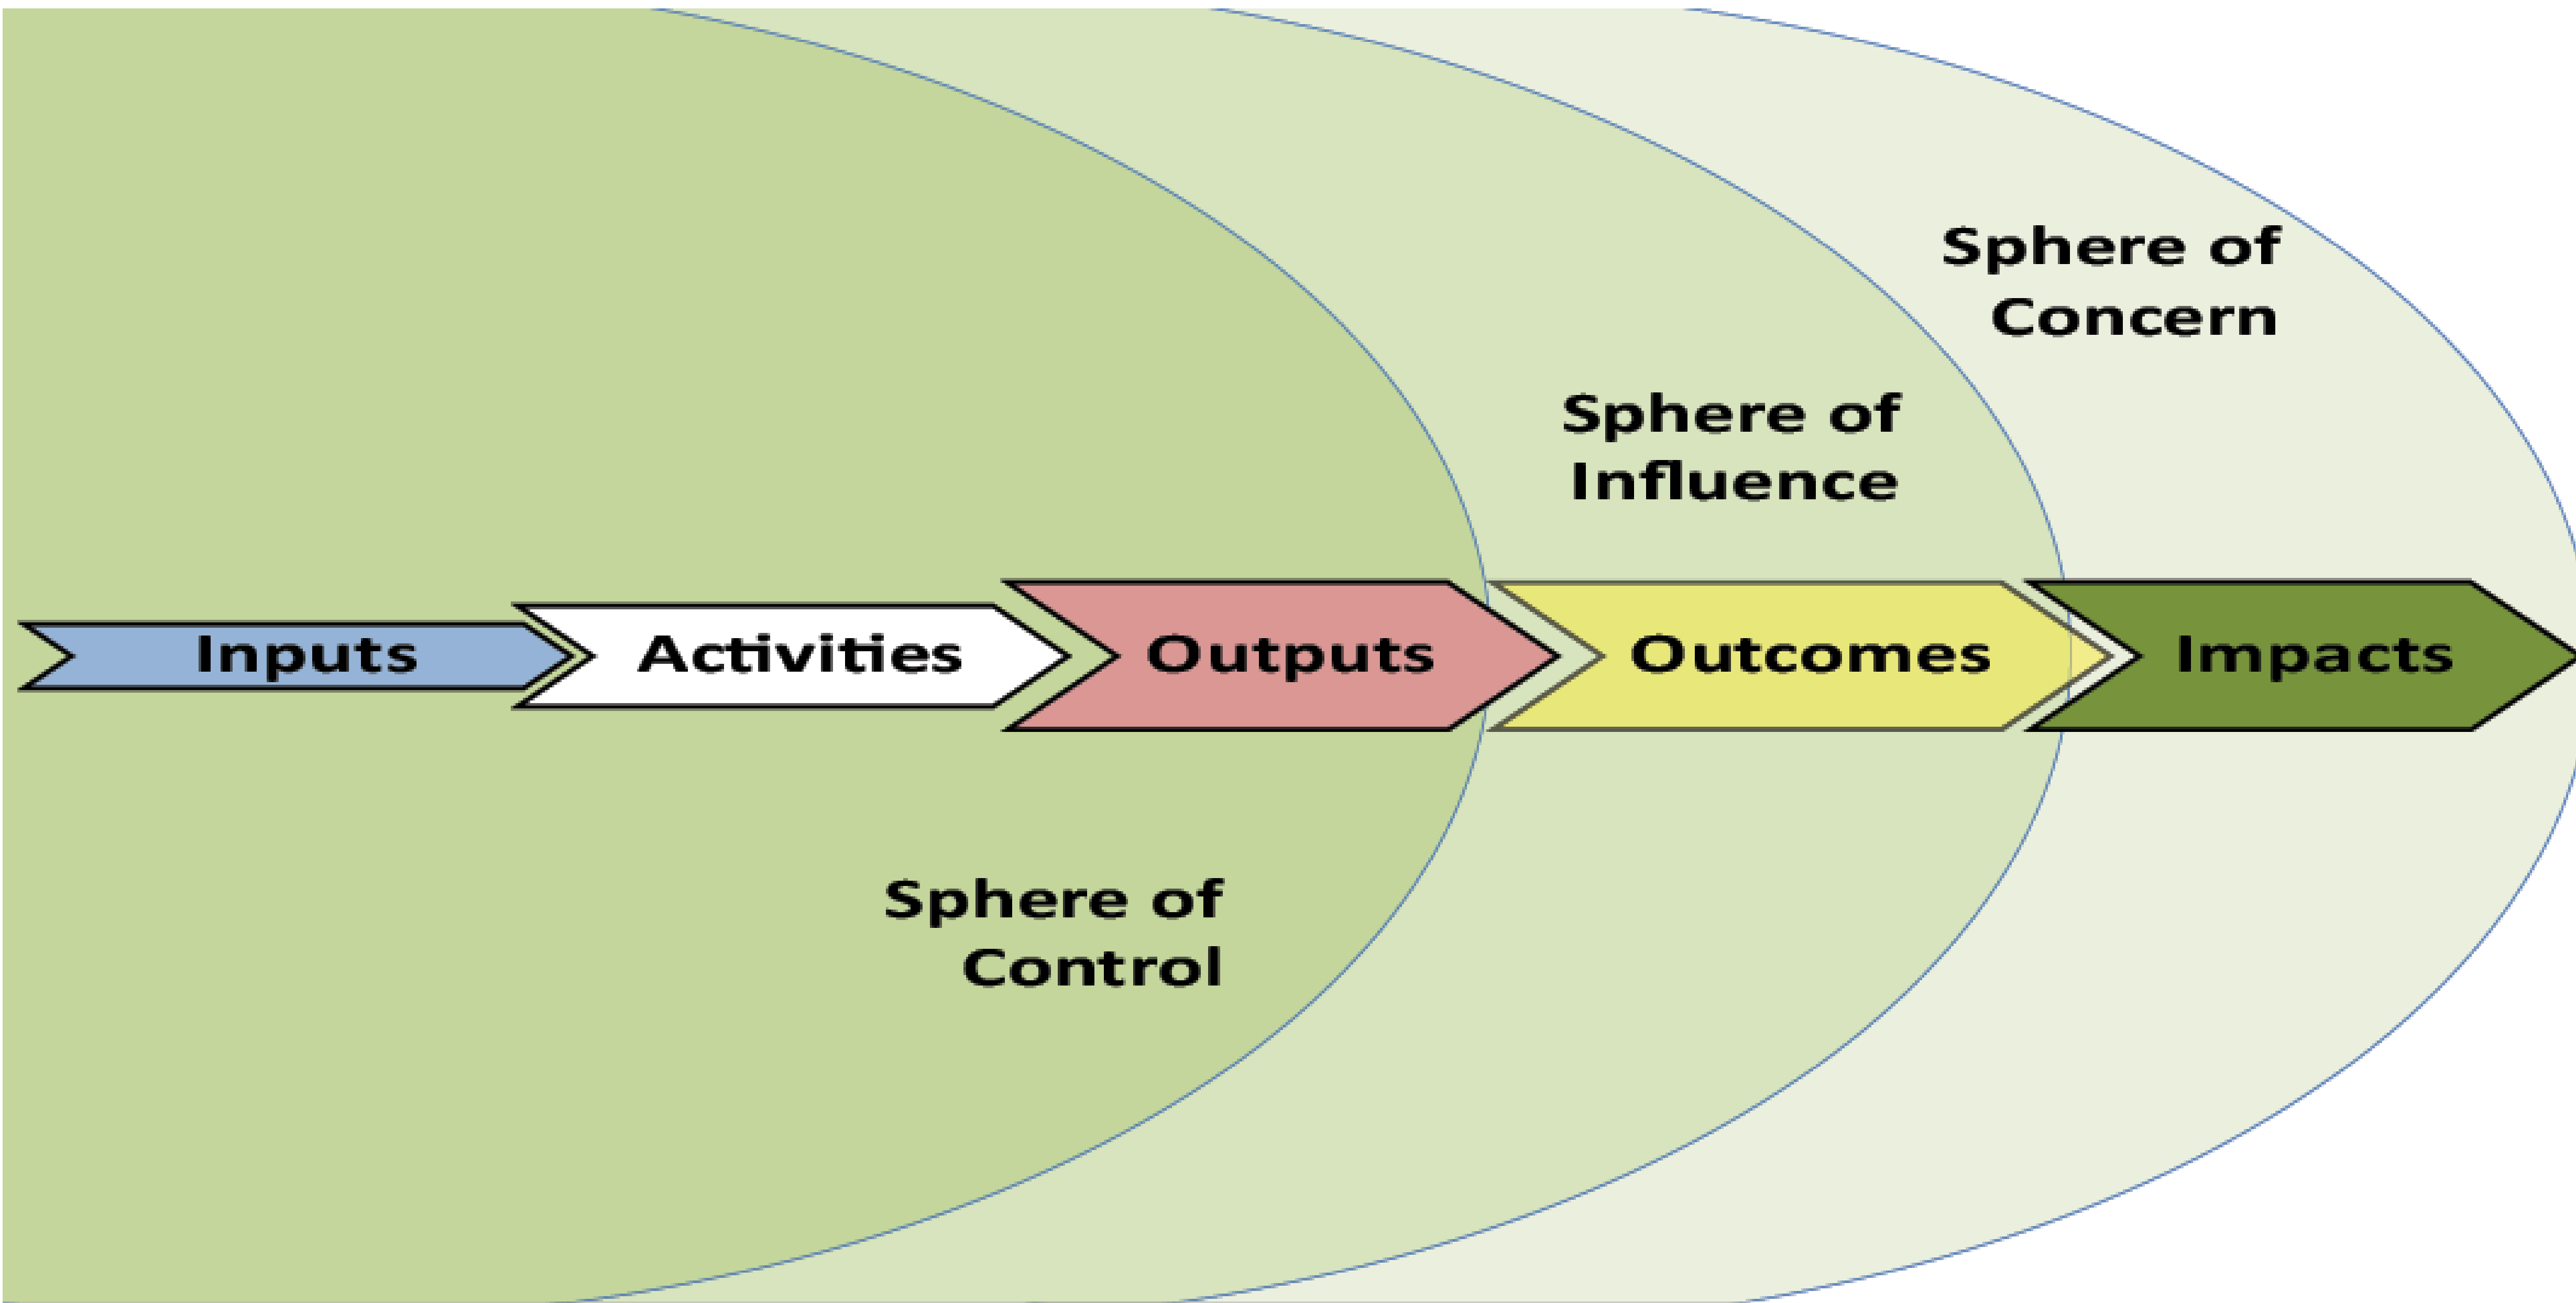

”Results are the **outputs, outcome, or impact** of an intervention.”

Outputs: products, goods and services delivered by programme

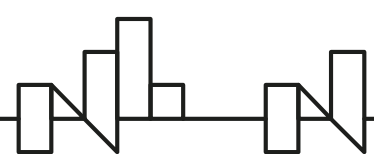

Outcomes: effects of outputs on target group(s)

Impacts: effects of programme on society (**Blue Book objective**)

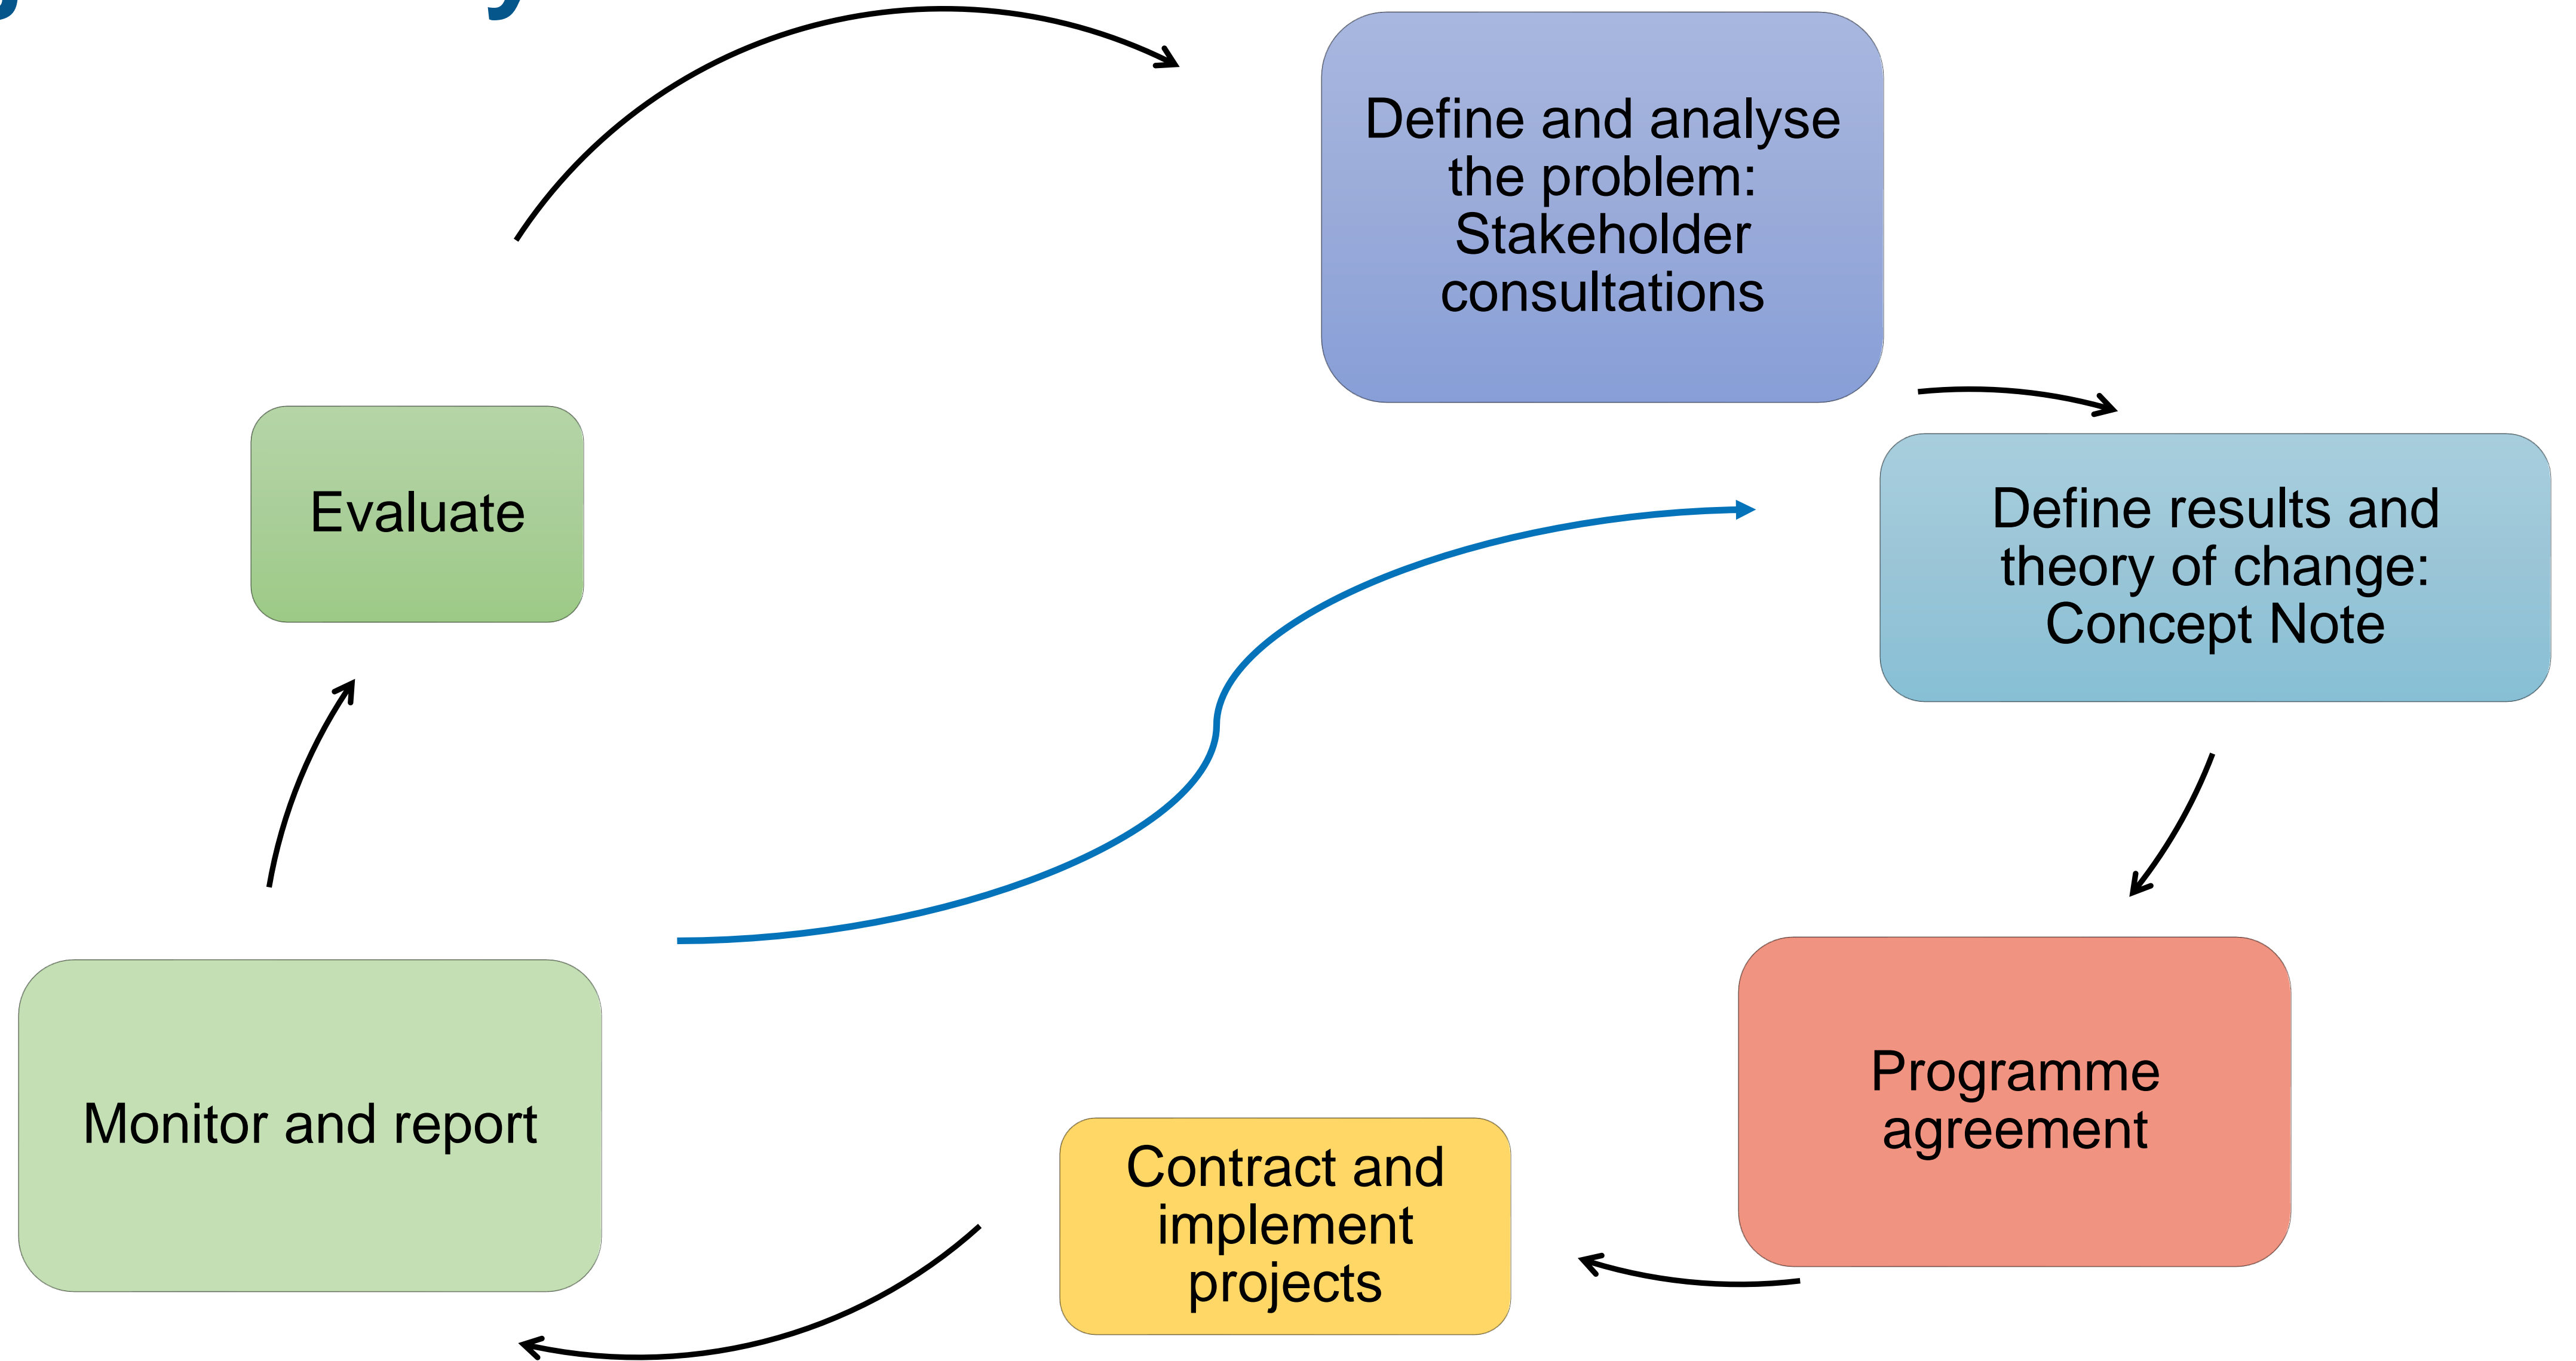

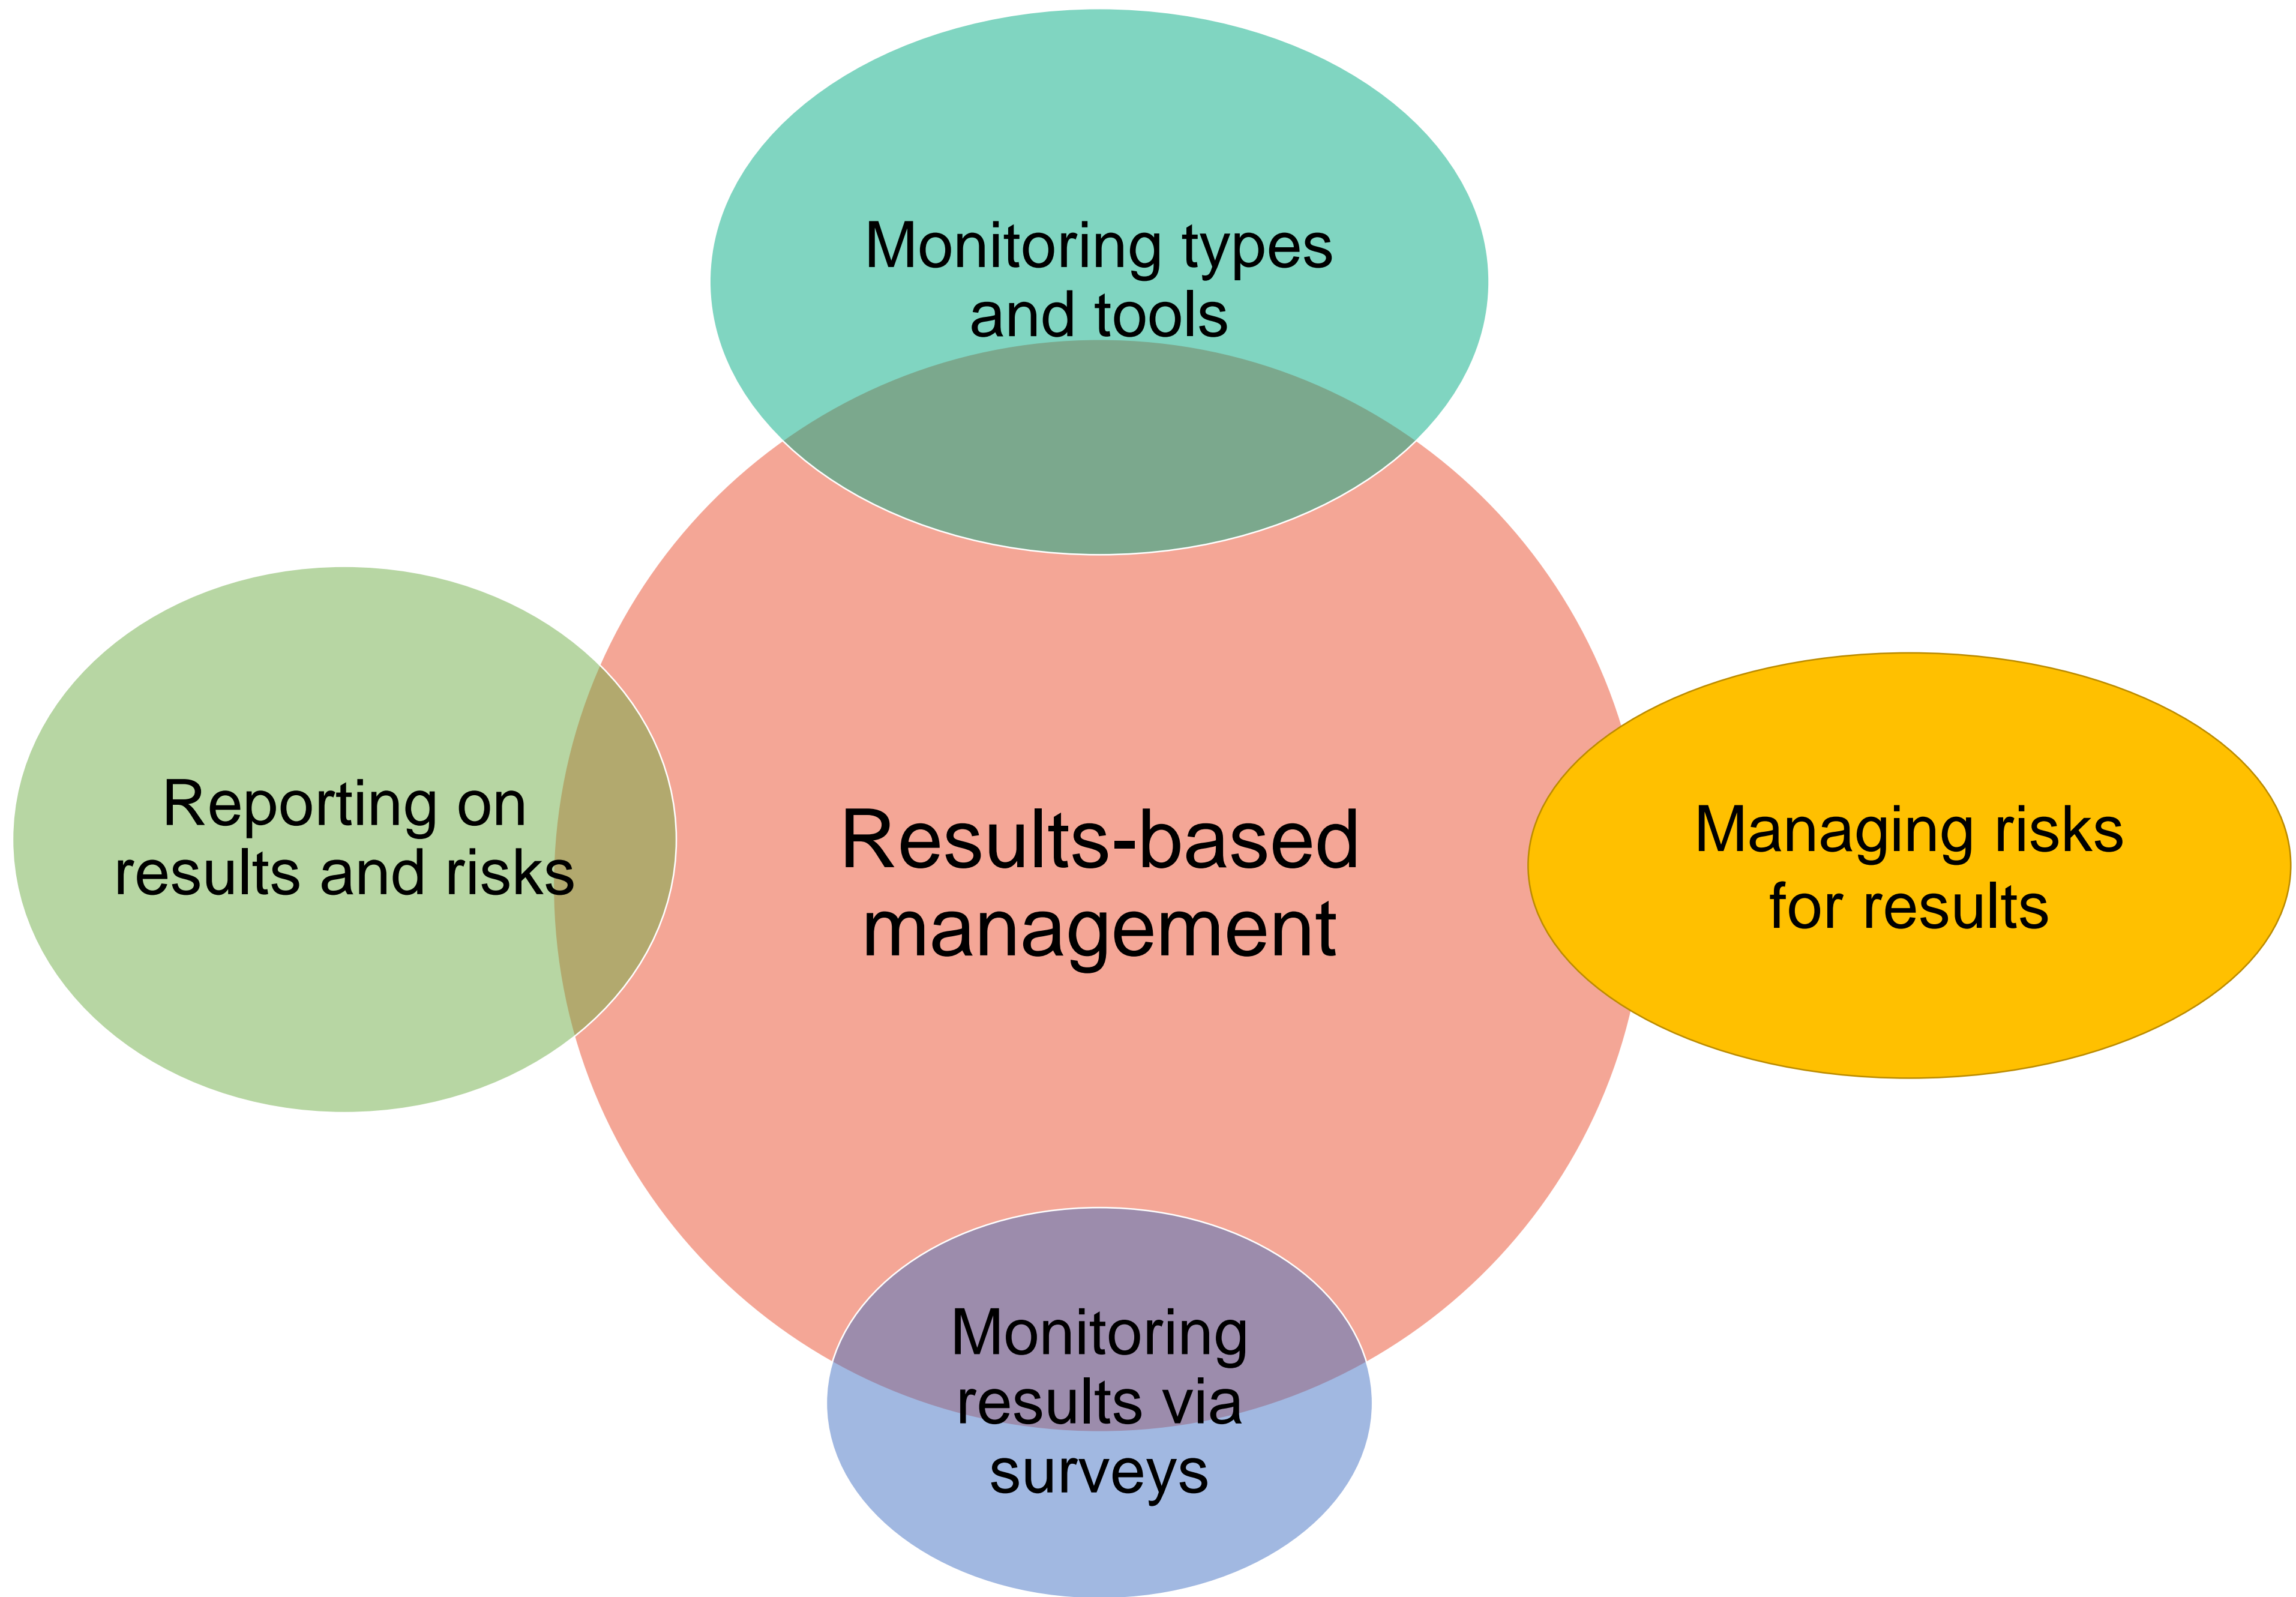

How much control do you have?
